E-ZI MINI FEATURES

KEYLESS IGNITION & BUILT-IN ALARM

The only time you need the keys is to either engage the steering lock or access the battery compartment, otherwise, the ignition system is keyless. The e-Zi also comes with a built-in alarm system that is remotely operated by the keyfob and once activated not only sounds an alarm but also locks the rear wheel

HYDRAULIC FRONT DISC BRAKE

Hydraulic front brake disc gives ample stopping power which is also supported by a rear drum brake

LED LIGHTING

Powerful LED headlamp gives great visibility and makes you easily noticeable by other road users, the indicators are also LED as is the rear tail and brake lamp

POWERFUL LITHIUM BATTERY

48v 20AH lithium battery with a top speed of 45kmh restricted to meet UK 50cc licence requirements and a range of 45km
